

Closed for Repairs

New Smyrna Speedway Closed for Repairs - 2.16.10

(02.16.10 - New Smyrna Speedway) Work has begun to make repairs to the Turns 3 and 4 area of the high-banked half-mile.

Recent heavy rains at the facility have resulted in numerous areas of the track showing wear beyond what would normally be expected just 3 years after the track was last paved.

Due to the repairs taking place, the track will be closed for all testing for a three week period.

There is an Open Practice tentatively scheduled for Thursday March 11, 2010 for teams tuning up for the season opener on Saturday March 13, 2010.

For more information, you may contact the Track Office at 386-427-4129.
